

## **Foundation Yachad**

Born in the Free Reformed Churches in the Netherlands, Yachad (Hebrew for “together”) stimulates the sharing of “Jesus Messiah” with the Jewish people.

The churches (NGK) are stimulated to experience and learn on the values from the Jewish history, including the teachings and fulfilment of Messiah Jesus. Yachad is connected to reformed oriented Messianic congregations in Israel as well as international forums, like International Mission to the Jewish People and the Lausanne Consultation on Jewish Evangelism in Europe.

Yachad promotes a formal relationship of the NGK churches with important study-centres in the Netherlands, like Theological University of Utrecht/Kampen and the Centre for Israel Studies in Ede. Also to encourage students to learn and study on the legacies of Judaism, and to connect local congregations to the development of Gods Kingdom in those circles.
